

A Better Life

What is A Better Life?

- A Better Life provides screening and assessment for Autistic Spectrum Disorder (ASD).
- They can make an assessment and diagnose children with ASD.

What help will they get?

- An assessment will be made by specialists to identify whether a child may have ASD.
- The Retreat may signpost the school and parents to further support.

Why might my child be referred to A Better Life?

- The school, parents, medical or social care professionals may feel your child would benefit from an assessment.
- It will provide a full picture of your child's needs and help us support them.

Who can I speak to about this?

- Their teacher
- The SENDCo, **Miss Tymon**. Please ask the office to book a meeting.
- Speak to your GP.
